

White River Junction VA Medical Center

Nurse Practitioner Residency Program

About the Program

The White River Junction VA Medical Center (WRJ VAMC) Nurse Practitioner Residency Program is an innovative 12-month postgraduate primary care training program supported by the VA Office of Academic Affiliations (OAA). This program facilitates an academic partnership with the University of Vermont College of Nursing and Health Sciences. It is a dual site residency with primary locations in both Burlington and White River Junction, Vermont.

This residency is designed to provide a supportive learning environment and a path to success for new graduate nurse practitioners interested in primary care careers with the Department of Veterans Affairs and fostering excellence in caring for a rural and underserved population.

Mission Statement

To develop and nurture excellence in leadership and systems-based improvement among new graduate nurse practitioners, while preparing them beyond strong academic foundations to deliver high quality, compassionate and patient centered care to meet the specific, complex needs of our nation's rural and underserved Veterans.

Benefits

- * Competitive Stipend
- * Healthcare Insurance including dental and vision
- * 11 paid federal holidays
- * 4 hours vacation time and 4 hours sick leave (accrued every 2 weeks)
- * No call or weekend shifts

Eligibility Requirements

- * A current, active and unrestricted registered nurse license in a state or territory of the United States
- * Current BLS certification
- * Graduation from an accredited Family Nurse Practitioner (FNP) or Adult-Gerontology Nurse Practitioner (AGNP) Primary Care Program within 12 months prior to the program start in September 2021 and no prior employment as a Nurse Practitioner
- * Hold national certification from ANCC or AANP, and be licensed (or eligible and pending) as FNP or AGNP
